

Ventura County General Plan Update

Community Open Houses for the 2040 General Plan

The County's Planning Division will host a series of open houses where the public will have the opportunity to learn about and comment on the **Preliminary Public Review Draft of the 2040 General Plan**.

The 2040 General Plan includes goals, policies and programs on topics including biological and open space resources, climate change, economic vitality, agriculture, water resources, public facilities and other key issues. Public input provided at these open houses will be shared with the County Planning Commission during a series of work sessions starting in June and with the Board of Supervisors in August.
